Mission Statement

Our Lindbergh community will work together to develop students' ability to reach higher levels of success and become lifelong learners and responsible citizens.

This building report card is a brief summary of how your school and students are performing and the impact of your local school improvement plan. However, it should not be used as a single source to judge students or school accomplishments. No single report can tell the whole story of a district's or school's education program. This report card does not provide information about curriculum, teaching methods, special programs, the "climate" of your school or the performance of individual teachers or administrators.

In addition, this report card is not a way of "rating" or "ranking" schools. Because of the distinct community and student characteristics, direct comparison between schools or districts are invalid. Rank-ordering school districts or schools is a clear misuse of the information. Rather, the information should be used to access local strengths and weaknesses based on past performance and to plan program improvements.

Report Card 2006-2007

ADEQUATE YEARLY PROGRESS

Adequate Yearly Progress (AYP) is a method for determining if schools, districts and the state have made adequate progress in improving student achievement. AYP is based on participation and performance on state assessments, as well as attendance rates for elementary and middle schools, and, for high schools, graduation rates. For the 2006-2007 school year, this school did not make AYP. More information on this school's performance on the AYP measures is provided below.
